PRINCIPAL'S REPORT

Welcome to our new newsletter!

This exciting new format gives us the opportunity to show much more what we are doing at school. It also gives our students greater access to showcase what they have been achieving at school. This means more pictures, videos and artwork can be shown.

Also, and this is the big improvement, we can now send the newsletter to your phone or other device through an APP. The App you will need and download is called: SZAPP.

Another great feature is that you can have the option to convert the newsletter into any language you want. So we will send it out in English and you can change it to Arabic, Chinese, Italian, Polish for example.
